

## Product Datasheet

### TURKEY SERUM (RABBIT) Antibody GRP1799

|                            |                                                                                                                                                                                                                                            |
|----------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Species/Host</b>        | Rabbit                                                                                                                                                                                                                                     |
| <b>Reactivity</b>          | Turkey                                                                                                                                                                                                                                     |
| <b>Conjugation</b>         | Unconjugated                                                                                                                                                                                                                               |
| <b>Tested Applications</b> | ELISA, IP, WB                                                                                                                                                                                                                              |
| <b>Form/Appearance</b>     | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2                                                                                                                                                                                 |
| <b>Concentration</b>       | 90 mg/mL                                                                                                                                                                                                                                   |
| <b>Note</b>                | For research use only.                                                                                                                                                                                                                     |
| <b>Isotype</b>             | Antiserum                                                                                                                                                                                                                                  |
| <b>Clonality</b>           | Polyclonal                                                                                                                                                                                                                                 |
| <b>Purity</b>              | This product was prepared from polyspecific antiserum by a delipidation and defibrination. Assay by immunoelectrophoresis resulted in a single precipitin arc against anti-rabbit serum and multiple precipitin arcs against Turkey Serum. |
| <b>Source</b>              | Turkey serum proteins                                                                                                                                                                                                                      |
| <b>Dilution Range</b>      | ELISA: User Optimized, Immunoprecipitation: User Optimized, Western Blot: User Optimized                                                                                                                                                   |
| <b>Application Notes</b>   | Anti-Turkey serum antibody is suitable for use in ELISA, immunoprecipitation, and western blot. Specific conditions for reactivity should be optimized by the end user.                                                                    |
