

Product Datasheet

6X HIS EPITOPE TAG (RABBIT) Antibody Peroxidase Conjugated GRP4010

Description	Anti-6X HIS EPITOPE TAG (RABBIT) Antibody Peroxidase Conjugated
Species/Host	Rabbit
Conjugation	HRP
Tested Applications	ELISA, IHC-P, WB
Form/Appearance	0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2
Concentration	1.0 mg/mL
Note	For research use only.
Isotype	IgG
Clonality	Polyclonal
Source	This antibody was purified from whole rabbit serum prepared by repeated immunizations with 6X His epitope tag peptide H-H-H-H-H-H conjugated to KLH using maleimide.
Dilution Range	ELISA: 1:5,000, Immunochemistry: 1:500 - 1:2,000, Western Blot: 1:2,000 - 1:5,000

Anti-6X His epitope tag
Antibody - Western Blot
