

Product Datasheet

ALPHA-TUBULIN (RABBIT) Antibody Biotin Conjugated GRP4064

Description	Anti-ALPHA-TUBULIN (RABBIT) Antibody Biotin Conjugated
Species/Host	Rabbit
Reactivity	Human, Mouse, Rat, Bovine, Sheep, Chicken, Goat
Conjugation	Biotin
Tested Applications	ELISA, IF, IHC-P, WB
Form/Appearance	0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2
Concentration	0.61 mg/ml
Note	For research use only.
Isotype	IgG
Clonality	Polyclonal
Source	Anti-Tubulin Loading Control Antibody was prepared from whole rabbit serum produced by repeated immunizations with a synthetic peptide corresponding to the C-Terminal region near amino acids 425-451 of Human alpha Tubulin.
Uniprot ID	P68363
Entrez	338
Dilution Range	ELISA: 1:20,000-1:100,000,Immunochemistry: 1:1,000-1:5,000,IF Microscopy: 1:500 - 1:2,000,Western Blot: 1:2,000-1:10,000
