

Product Datasheet

Beta Amyloid pyro E11 (RABBIT) Antibody GRP3860

Description	Anti-Beta Amyloid pyro E11 (RABBIT) Antibody
Species/Host	Rabbit
Reactivity	Human, Primate
Conjugation	Unconjugated
Tested Applications	ELISA, IF, IHC-P, WB
Form/Appearance	0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2
Concentration	1 mg/ml
Note	For research use only.
Isotype	IgG
Clonality	Polyclonal
Source	beta Amyloid [Pyro Glu11] affinity purified antibody was prepared from whole rabbit serum produced by repeated immunizations with a synthetic peptide corresponding to the N-terminus 11-pyro E start point of human beta Amyloid.
Uniprot ID	P05067
Entrez	759
Dilution Range	ELISA: 1:20,000 - 1:60,000,Immunochemistry: 1:100-1:500,IF Microscopy: 1:100-1:500,Western Blot: 0.2 µg /ml
