Antibody for the detection of conjugated proteins (MOUSE) Monoclonal Antibody Biotin Conjugated GRP2227

| | |
|----------------------------|---|
| Description | Antibody for the detection of conjugated proteins (MOUSE) Monoclonal Antibody Biotin Conjugated |
| Species/Host | Mouse |
| Reactivity | Protein |
| Conjugation | Biotin |
| Tested Applications | ELISA, FC, IHC-P, WB |
| Form/Appearance | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2 |
| Concentration | 1.0 mg/mL |
| Note | For research use only. |
| Isotype | IgG2a |
| Clonality | Monoclonal |
| Clone ID | 29E4.G7 |
| Entrez | 9023 |
| Dilution Range | ELISA: 1:100,000, Flow Cytometry: User Optimized, Fluorochrome: 10-20, Immunochemistry: 1:1,000 - 1:5,000, Western Blot: 1:2,000 - 1:10,000 |
