

Product Datasheet

Antibody for the detection of conjugated proteins (MOUSE) Monoclonal Antibody Fluorescein Conjugated GRP2201

Description	Antibody for the detection of conjugated proteins (MOUSE) Monoclonal Antibody Fluorescein Conjugated
Species/Host	Mouse
Reactivity	Protein
Conjugation	FITC
Tested Applications	IF
Form/Appearance	0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2
Concentration	1.0 mg/mL
Note	For research use only.
Isotype	IgG2a
Clonality	Monoclonal
Clone ID	29E4.G7
Entrez	396054
Dilution Range	Fluorochrome: 3.1,IF Microscopy: 1:500 - 1:2,500
