

## Product Datasheet

# Rabbit anti-Herpes Simplex virus, types 1 & 2, Polyclonal Antibody, Unconjugated GRP631

|                             |   |
|-----------------------------|---|
| <b>Species/Host</b>         | Rabbit                                  |
| <b>Predicted Reactivity</b> | Cross-reacts with types 1 & 2           |
| <b>Conjugation</b>          | Unconjugated                            |
| <b>Tested Applications</b>  | IF                                      |
| <b>Immunogen</b>            | Strain F (human)                        |
| <b>Note</b>                 | For research use only.                  |
| <b>Isotype</b>              | IgG                                     |
| <b>Clonality</b>            | Polyclonal                              |
| <b>Dilution Range</b>       | >1:2,000 by indirect immunofluorescence |
