

Product Datasheet

HDAC7 (RABBIT) Antibody GRP3869

Description	Anti-HDAC7 (RABBIT) Antibody
Species/Host	Rabbit
Reactivity	Human, Mouse, Rat, Primate
Conjugation	Unconjugated
Tested Applications	ELISA, IF, IHC-P, WB
Form/Appearance	0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2
Concentration	1.16 mg/ml
Note	For research use only.
Isotype	IgG
Clonality	Polyclonal
Source	HDAC7 affinity purified antibody was prepared from whole rabbit serum produced by repeated immunizations with a synthetic peptide corresponding to the N terminal region of human HDAC7.
Uniprot ID	Q8WUI4
Entrez	7067
Dilution Range	ELISA: 1:20,000 - 1:60,000,Immunochemistry: 1:100-1:500,IF Microscopy: 1:100-1:500,Western Blot: 1 µg /ml

Western Blot - Rabbit anti-HDAC7
