

Product Datasheet

MONKEY IgA (alpha chain) (GOAT) Antibody Peroxidase Conjugated GRP5327

Description	Anti-MONKEY IgA (alpha chain) (GOAT) Antibody Peroxidase Conjugated
Species/Host	Goat
Reactivity	Monkey
Conjugation	HRP
Tested Applications	ELISA, IHC-P, WB
Form/Appearance	0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2
Concentration	1.0 mg/ml
Note	For research use only.
Isotype	IgG
Clonality	Polyclonal
Source	Anti-Monkey IgA (alpha chain) was produced by repeated immunization with monkey IgA alpha heavy chain in goat.
Dilution Range	ELISA: 1:10,000 - 1:150,000,Immunochemistry: 1:500 - 1:2,500,Western Blot: 1:1,000 - 1:10,000
