

Product Datasheet

PEROXIDASE (Horseradish) (GUINEA PIG) Antibody GRP2034

Description	Anti-PEROXIDASE (Horseradish) (GUINEA PIG) Antibody
Species/Host	Guinea Pig
Conjugation	Unconjugated
Tested Applications	ELISA, IHC-P, WB
Form/Appearance	0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2
Concentration	1.0 mg/ml
Note	For research use only.
Isotype	IgG
Clonality	Polyclonal
Source	Peroxidase [Horseradish]
Dilution Range	ELISA: 1:20,000 - 1:100,000,Immunochemistry: 1:1,000 - 1:5,000,Western Blot: 1:2,000 - 1:10,000
Application Notes	Anti-Peroxidase (Horseradish) (Guinea Pig) Antibody is suitable for immunoblotting (western or dot blot), ELISA, immunoprecipitation, conjugation and most immunological methods requiring high titer and specificity.
